

Structure of the school

Opened in 1988, this secondary school named “**Lycée Marie-Madeleine Fourcade**” receives pupils coming from the junior high schools of Gardanne and neighbouring villages.

MARIE-MADELEINE FOURCADE : a Resistance fighter

Born in Marseilles in 1909, she took part as early as 1940, in the setting up of the « Alliance » resistance movement, which was one of the main information network on the German occupying forces. She became its chairwoman in early 1941

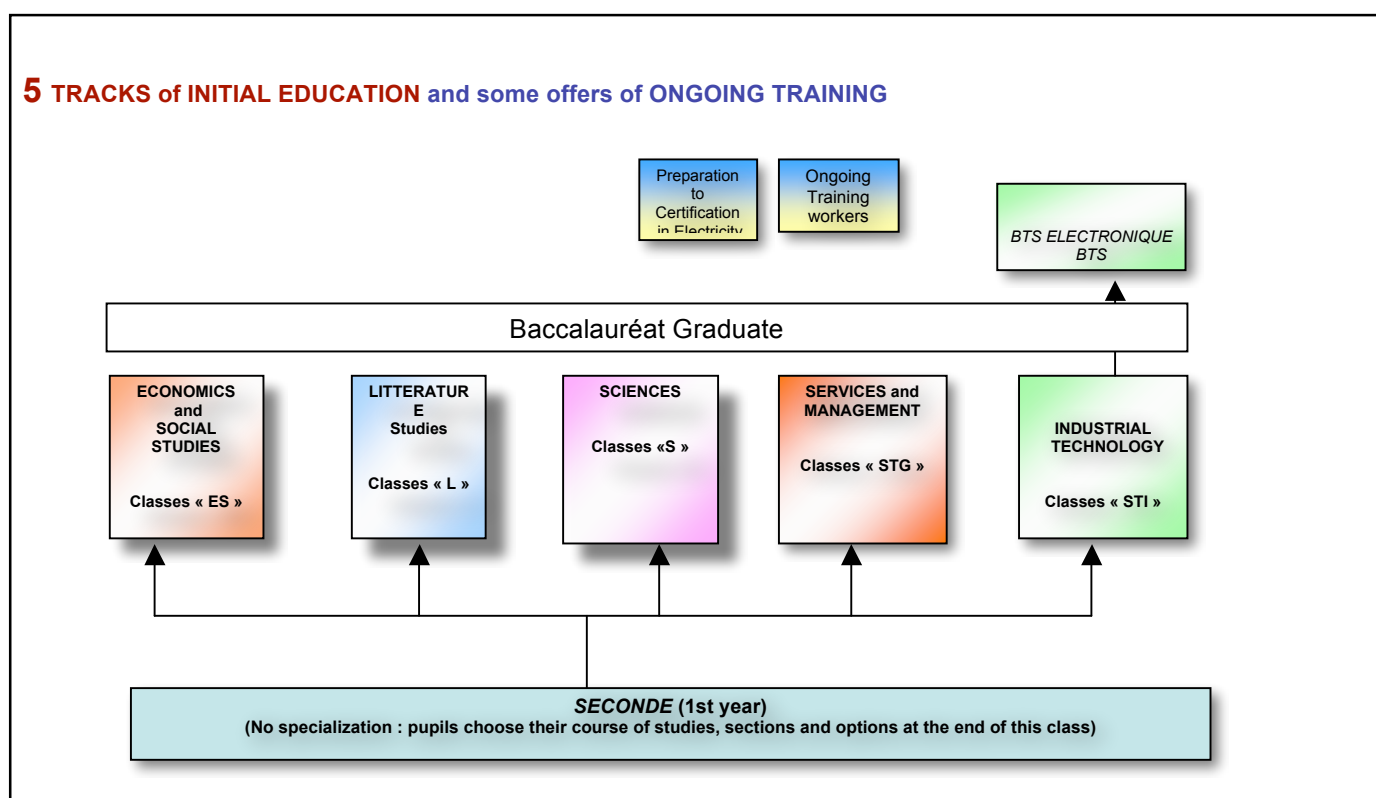

She died on July 20 , 1989; her burial at the Invalides was the occasion of an exceptional tribute by the President of the Republic and all the different Resistance movements. She still remains today a unifying emblem of the « Army of the Shadow ».

The lycée was named after her.

This year, our Lycée receives about 1400 pupils, students and adult trainees (benefiting from further education), from the “Secondes” (first year in high school) to the “BTS” (equivalent to an HND course).
